

IBRAHIM YOUSRI ISMAIL

Data Engineering & Analytics | BIS Student at Assiut University

Assiut, Egypt • +20 100 768 5334 • ibrahimyosri78@gmail.com • LinkedIn: [Ibrahim Yousri](#) • Portfolio: [Ibrahim Yousri](#)

PROFILE

Data Analyst | BIS Student with hands-on experience in Python, SQL, Power BI, DAX, and Power Query, using data analysis and visualization to uncover patterns, identify business problems, and turn data into actionable insights. Focused on helping businesses make better decisions, improve processes, and solve operational challenges through data, with a long-term interest in applying these skills to Supply Chain and Production Operations.

TRAININGS

Advanced Data Analysis

120 hours

- Processed and analyzed 12+ real-world datasets using Excel, Power Query, Power BI, and Python.
- Complete 2 end-to-end Machine Learning projects in Python, covering data preprocessing, model development, and evaluation ng.
- Created interactive Power BI dashboards with DAX measures, calculated columns, and KPI visualizations.

Soft Skills Camp

5-27 April 2026

- Led 4 different teams throughout the training, coordinating tasks and ensuring successful collaboration
- Presented the final project to an audience of over 200 attendees, demonstrating confident public speaking and presentation skills.
- Guided my final project team to achieve 1st Place in the program's final competition.

PROJECTS

BMW SALES & MARKETING ANALYSIS

- **Project Description:** Identified key drivers behind BMW Alpina's 2023 sales decline through data analysis, linking reduced marketing investment to lower sales. Provided actionable recommendations to improve marketing effectiveness and support sales growth.
- **Tools:** Power BI, DAX, Power Query, MCP, Claude AI
- **GitHub Link:**

EDUCATION

Bachelor of Commerce — Assiut University

- Major: Business Information System
- Expected Graduation: 2028

Technical Skills

Data Analysis & BI

- Excel, Power BI, Tableau, DAX, Power Query, Python, Pandas, NumPy, Data Cleaning, EDA, Data Visualization

Data Engineering

- SQL, Python, ETL/ELT, Data Pipelines, Data Warehousing, AWS, Snowflake, Apache Spark, Git

AI & Machine Learning

-

Business & Analytics

- Supply Chain Analytics, Demand Forecasting, Inventory Analysis, Procurement Analytics, Logistics Analytics, Process Analysis, KPI Analysis, Business Process Improvement, Data-Driven Decision Making

Language Skills

- Arabic: Native English: Upper-intermediate
