

IBRAHIM YOUSRI ISMAIL

Data Analyst | BIS Student at Assiut University

Assiut, Egypt • +20 100 768 5334 • ibrahimyosri78@gmail.com • LinkedIn: [Ibrahim Yousri](#) • Portfolio: [Ibrahim Yousri](#)

PROFILE

Data Analyst with hands-on experience in Python, SQL, Power BI, DAX, and Power Query, using data analysis and visualization to uncover patterns, identify business problems, and turn data into actionable insights. Focused on helping businesses make better decisions, improve processes, and solve operational challenges through data, with a long-term interest in applying these skills to Supply Chain and Production Operations.

EDUCATION

Bachelor of Commerce | Assiut University

- **Major:** Business Information Systems
- **Expected Graduation:** 2028

EXPERIENCE

Data & Business Analyst

2026 – present

Self-Employed

- **Local Pharmacy, Sohag**
Performed sales, time-based, product performance, profitability, and inventory/purchasing analysis, identifying demand patterns and actionable insights to support business decisions.

TRAINING

Advanced Data Analysis

National Telecommunication Institute (NTI)

120 hours

- Processed and analyzed 12+ real-world datasets using Excel, Power Query, Power BI, and Python
- Completed 2 end-to-end Machine Learning projects in Python, covering data preprocessing, model development, and evaluation.
- Created interactive Power BI dashboards with DAX measures, calculated columns, and KPI visualizations.

Soft Skills Camp

Ultimate Academy

5-27 April 2026

- Led 4 teams throughout the training, coordinating tasks and ensuring effective collaboration.
- Presented the final project to an audience of 200+ attendees, demonstrating strong public speaking and presentation skills.
- Led the final project team to achieve 1st place in the program's final competition.

PROJECTS

BMW Sales & Marketing Analysis

- **Project Description:** Identified key drivers behind BMW Alpina's 2023 sales decline through data analysis, linking reduced marketing investment to lower sales. Provided actionable recommendations to improve marketing effectiveness and support sales growth.
- **Tools:** Power BI, DAX, Power Query

Supply Chain Analysis

- **Project Description:** Analyzed supply chain data to identify key drivers behind order disruptions, revealing that 50% of orders experienced disruptions and 80% of total lead time was spent on shipping. Provided actionable recommendations to reduce delays, mitigate shortages, and improve supply chain efficiency.
- **Tools:** Power BI, Power Query, DAX, Microsoft Excel

Technical Skills

- **Data Analysis & BI**
Excel, Power BI, Tableau, Power Query, DAX, Data Cleaning, EDA, Data Visualization
- **Data Engineering**
ETL/ELT, Data Pipelines, Data Warehousing, Git
- **Programming & Data**
Python, C#, Pandas, NumPy, SQL, MySQL, PostgreSQL

- **AI & Machine Learning**

Scikit-learn, Matplotlib, Seaborn, Machine Learning Fundamentals

- **Business & Analytics**

Supply Chain Analytics, Logistics Analytics, Inventory Analysis, KPI Analysis, Root Cause Analysis, Process Analysis, Business Problem Solving, Data-Driven Decision Making, Business Process Improvement

- **Language Skills**

- **Arabic:** Native

- **English:** Upper Intermediate
